

## Zombie I

Calabrese

When i am here i'm here with u  
Bit off more than i could chew  
I love your stare please stare at me  
When i breathe blood and eternal sleep  
We belong dead

Zombie i, girl please run away

As we run into the house  
The wall of dead surrounds  
Tentacles of decay flesh  
tear and pull us down  
Doors and windows boarded shut  
But the pressure was too much  
And the girl she gave it up
