

Not Even Stevie Nicks...

Calexico

With a head like a vulture
And heart full of hornets
He drives off the cliff
Into the blue, into the blue

Not even the priestess
With her wrenches and secret powers
Could save him from danger
For a little while, for a little while

Not even she could save him
Not even she could save him

With a head like a vulture
And heart full of hornets
He drives off the cliff
Into the blue, into the blue

Not even she could save him
Not even she could save him
Found him inside the motor
