# Like it like that

'Cause you know I like it like that
And I'll teach you something like that
And I know you like it like that

You've heard, about my reputation
Of rumors spread by haters
Just stories they created

We talk, you always get so nervous
That what if this gets out
And everybody knows it

The way you make me feel
Is it wrong to go along
Or does it feel right

You can't say this ain't real
Even though you're still with him
It's just a matter of time
And you can quote me when I say

So what if your friends can't keep a secret
It's alright
If it gets back to what's his name, I don't mind
And if it's a problem, he knows where to find me
If you wanna say something
And tell his friends I say the same

'Cause you know I like it like that
And I'll teach you something like that
And I know you like it like that

You swear, but I know you like the drama
How everybody's talkin' about you
Waitin' in the corner

You say, It's such an awful game
If you can't admit the truth about it
I'll just take the blame

The way you make me feel
Is it wrong to go along
Or does it feel right

You can't say this ain't real
Even though you're still with him
It's just a matter of time
And you can quote me when I say

So what if your friends can't keep a secret
It's alright
If it gets back to what's his name, I don't mind
And if it's a problem, he knows where to find me
If you wanna say something
And tell his friends I say the same

I'm telling you it's alright

If he finds out
I don't mind
'Cause I got nothing, I got nothing left to lose

I'm telling you it's alright
If he finds out
I don't mind
'Cause I got nothing, I got nothing left to prove

'Cause if it's a problem
He knows where to find me
If he wants to say something (something)
And tell his friends I said the same

So what if your friends can't keep a secret
It's alright
If it gets back to what's his name, I don't mind
And if it's a problem, he knows where to find me
If you wanna say something
And tell his friends I say the same

'Cause you know I like it like that
And I'll teach you something like that
And I know you like it like that
