Don't Hold Your Breath

Calla

```
This day is dead
This day is dead
Catch him by the tongue until he says:
"I've wasted it..."

If I could tell you, I would

All I know is I thought I saw you come back for more

It's like you said
Just like you said
I'll hold my breath for you instead
But don't count on it.

If I could catch you, I would
If I could tell you, I would

All I know is I thought I saw you come back for more
```
