Adrienne

The Calling

I've been thinking about you, my love And all the crazy things that you put me through Now I'm coming around, Throwing it back to you Were you thinking of me when you kissed him Could you taste me when you licked his skin All the while I showered you with trust and promises What I'm needing now is some sweet revenge To get back all that I lost then I gave you all I had to give, but I could never reach you

Adrienne, I thought I knew you Once again, you used me, used me Adrienne, I should have left you Long before you used me, Used me up

Spent my money, drove my car I treated you like a shining star But in my sky all burnt out you are And I'll have the last laugh, when I see you walking with some other guy 'Cause I know you're gone end up all alone So take these words, some good advice All you've done gonna come back twice You never cared how much it hurt, I really need to tell you

Adrienne, I thought I knew you Once again, you used me, used me Adrienne, I should have left you Long before you used me, Used me up

What I'm needing now's some sweet revenge To get back all that I lost then I gave you all that I had to give, but I could never reach you

Adrienne, I thought I knew you Once again, you used me, used me Adrienne, I should have left you Long before you used me, Used me up
