Calvin Harris

Yeah

Uh, uh, ah

Now I don't care what you dress like

Or what you wear

But please make sure baby

You've got some colours in there

Now it's all very well stepping out in black and white

But you're no girlfriend of mine

If you're doing that right

[repeat]

Get some colours on, get some colours on

Now I don't care what you dress like

Or what you wear

But please make sure baby

You've got some colours in there

Now it's all very well stepping out in black and white

But you're no girlfriend of mine

If you're doing that right

Get some colours on, get some colours on

Get some colours on, get some colours on

Yeah

Uh, uh, ah
