

# It Was You

Calvin Harris

It was you who got me, babe  
And it was you who's changed my way

It was you, oh, you're changing my way, baby  
And it was you who's changed my way

It was you who got me, babe  
And it was you who's changed my way  
It was you

It was you who got me, babe  
And it was you who's changed my way

It was you, oh, you're changing my way, baby  
And it was you who's changed my way

It was you who got me, babe  
And it was you who's changed my way  
It was you

It was you who got me, babe  
And it was you who's changed my way

It was you, oh, you're changing my way, baby  
And it was you who's changed my way

It was you who got me, babe  
And it was you who's changed my way  
It was you

It was you who got me, babe  
And it was you who's changed my way
