

# America's Most Wanted

Calvin Richardson

Ooh, ooh, ooh, ooh, baby  
You're my lady, yeah  
You, you, you are my, my baby  
Yeah  
So listen

You and me, we fell in love, it's crazy  
I drive a Hyundai, you have a Mercedes  
You're so cool, girl, I'm gon' make you happy  
But when we come together, we always get them sparking

New York, hangin' on the avenue  
North Carolina, swingin' it blue  
When we're on the West Coast at the W hotel  
Keep me goin' down in the room, oh, yeah

Partying in the room every night, oh, yeah  
I'm gon' call some fellowship, call your girls  
We partyin' like we're in Chicago  
1, 2, 3, I love you like a stepping yo

'Cause you are  
Just what I want, you  
Just what you need, me  
The talk in the streets, lady  
Baby, we can be

America's most wanted  
You're a top model, baby, flaunt it  
You're in on my A list, so real  
I like how this feels, it's you and me

We be walkin' down the street, everybody wanna know  
How you got your skin in them skinny jeans  
(They wanna know)  
They be approachin', they want your autograph  
You say, "Yes, babe, ain't no stress, babe"  
Babe

And then you step out of the block like a runway show  
You're always ready, don't need to say go  
That's how I know  
You are

Just what I want, you  
Just what you need, me  
The talk in the streets, lady  
Baby, we can be

America's most wanted  
You're a top model, baby, flaunt it  
You're in on my A list, so real  
I like how this feels, just you and me

America's most wanted  
You're a top model, baby, flaunt it  
You're in on my A list, so real

I like how this feels, just you and me

I cherish every little thing about you, girl  
You're like the Monalisa, so priceless, girl  
You make me say, "Oh, oh, oh"  
Everybody sayin' it, "Oh, oh, ooh, oh"  
They need you, they greet you  
But the first thing they sayin' is, "Oh, oh, she's so amazing"

Just what I want, you  
Just what you need is, me  
The talk in the streets, lady  
Baby, we can be, yeah

America's most wanted  
You're a top model, baby, flaunt it  
You're in on my A list, so real  
I like how this feels, just you and me

America's most wanted
