Everything changes You know even the seasons If things are going wrong We need to sit down and talk 'Cause if we don't face this soon See the sun is going down (You're gonna live for me and now I'm gone) And I'm falling out of love (Yeah yeah yeah) I don't want to put you down (Yeah yeah) 'Cause you taught me how to love And like a bee, I need your honey (I need you, I need you) 'Cause I'm hungry you started me Listen We need to take some time and talk about (What's going wrong?) The communication lines are getting weak (They used to be strong) We gotta get back the time when your eyes used to smile Every time (They laid on me) Like a pillow on a bed so comfortable This is an emergency can't you see you're loosing me? Said the sun is going down and I'm falling out of love (Hmm) I don't want to put you down (No no) 'Cause you taught me how to love And like a bee, I need your honey (I need you, I need you, I need you) 'Cause I'm hungry you started me Listen There's nothing in this world Means as much to me as you do Everywhere I go on earth in and out of town Everybody knows (It's all about you) It's so messed up, I put you before my mother It's so messed up, I put you before my daughter It's so messed up, I put you before my son Now I'm in need, in need of someone See the sun is going down And I'm falling out of love I don't want to put you down 'Cause you taught me how to love And like a bee, I need your honey (I need you, yes I do) 'Cause I'm hungry you started me

Said the sun is going down
(On me baby)
And I'm falling out of love
(I don't wanna)
I don't want to put you down
(Never wanna walk away and leave you girl)
'Cause you taught me how to love
And like a bee, I need your honey
(I need you, I need you, yes I do)
'Cause I'm hungry you starving me
Listen

When it's cold outside, baby
I won't be there to keep you warm, lady
I know you're gonna miss me
(You're gonna miss my love)
I know you're gonna miss my love
(You're gonna miss my time)
Somebody say a prayer for me
(You're gonna miss my love)
I know you're gonna miss my love, yeah
(Gonna miss gonna miss gonna miss my love)

Gonna hide summer nights
(You're gonna miss my love)
You're gonna miss me
(You're gonna miss my love)
I know you're gonna miss my love
(Gonna miss, gonna miss, gonna miss my love)

Said the sun is going down
(Said the sun is going down)
And I'm falling out of love
And I don't want to put you down
(I don't, I don't wanna put you down, oh no)
'Cause you taught me how to love
And like a bee, I need your honey
(I need you yeah)
'Cause I'm hungry you starving me

Said the sun is going down
(Yeah)
And I'm falling out of love
(I need you)
I don't want to put you down
(Oh no)
'Cause you taught me how to love
And like a bee, I need your honey
(I need you yeah)
'Cause I'm hungry you starving me

Said the sun is going down
(Said the sun is going down yeah)
And I'm falling out of love
(Said the sun is going down)
I don't want to put you down
(Hmm)
'Cause you taught me how to love
And like a bee, I need your honey
