

You make me feel like I am moving, but I'm standing still
You make what's fake seem so real
You got my heart that's the deal
You're the perfect start to the rest of my day
They say love is blind girl everybody can see
In love sometimes we lose
I got a good thing, I'm counting on you babe
That stuff they talkin bout is irrelevant
That's just hearsay oh baby
Sayin' I got another lover, but I don't roll that way
Baby what I'm trying to say

It's all about me
It's all about you
Don't give a damn about what they say
Girl I'm gonna love till my last day
It's all about me
It's all about you
Girl they don't know me that's just hearsay
Promise I'll love you girl like always

They can't stand it baby cause we're so happy
With the life we live something they're all trying to fill
All of the guys wanna steal you
Cash, clothes, and cars they throw your way
Every day wasted time girl
Can't they see it's so pathetic what they do,
So sad, baby trying to get with you
You got the kind of love that make a grown man feel cool, aw baby, you do
To let them rob us of this joy, I'll be a damn fool lady yeah

It's all about me
It's all about you
Don't give a damn about what they say
Girl let's just focus on this love thing
It's all about me
It's all bout you
Girl they don't know me that's just hearsay
Promise I'll love you girl like always

Don't let somebody's insecurities cloud up our sunshine
(My heart is yours, yours is mine)
Pay no attention to that foolery,
Happiness is on the line, this love is true
It's all about me
It's all bout you
Don't give a damn about what they say
Promise I'll love you girl like always

It's all about me, lady
It's all about you
Girl they don't know me that's just hearsay
Girl let's just focus on this love thing

It's all about me
It's all about you
Don't give a damn about what they say

Girl I'm gone love you till my last day
It's all about me
It's all about you
Don't give a damn about what they say
