

# Better Days

Cam Meekins

[Verse 1]

I just want you to know that I'm stuck in your soul  
Funny how last week I thought it couldn't be so  
What I see in your eyes words can't come close  
No matter what your father says I just want you to know  
That you're a beautiful person, and I want you to grow  
The way he talks to you's just so inappro  
I hope that you're strong, when he's doing you wrong  
And I hope you find comfort in the words of these songs  
Now sing along and while I tell you this story just listen closely  
I know you like my music but look, you don't really know me  
See I live outside the city where there's nothing going on  
I just look around for meaning while I'm sitting on my lawn  
One day I met this girl and she was beautiful too  
I look closely at her eyes, a nice light shade of blue  
She was still in high school, I was one year removed  
We're both a little older from the things we've been through  
Pretty soon I started seeing all the things he would do  
She wasn't black and blue but emotionally bruised  
It made me so mad I didn't know what to do  
Told her no matter what, I'mma be there for you  
But as things became more hectic in my life I started fadin' out  
Began to lie to her, I wasn't fair to her, I hate it now  
I hope that you can understand my honesty  
I really fuckin' wanna knock that dude out honestly  
You don't have to believe it but I think about you every day  
I sing about you every way cause you're the perfect melody  
I know the world ain't perfect but to me you were my everything  
My little light of sunshine I'm holdin' on for better days

[Hook]

I pray for better days  
I know what has to happen I'm away  
I know in my life I've made mistakes  
But I'm holdin' on for better days

[X2]

[Verse 2]

I wanna go back where we were sittin' at that ice cream shop  
I'm lookin' at you in your eyes I'm feelin' like my heart has stopped  
You laugh at me for gettin' soy peanut butter  
Back then I thought (shit, nah)  
I don't need no other person in my life and nothing else don't even matter t  
o me  
Maybe I'm so numb that nothin' bad can ever happen to me  
Maybe I'm so evil I attract all of these tragedies  
Maybe we're so graceful we create all of these masterpieces  
So facetious we would laugh about it  
Nobody can reach us for a half an hour sleepin' in my half-  
apartment we don't have to watch the news  
I never felt more comfortable my face so close to you  
And I'mma break it down for you  
I think about you every day I sing about you every way cause you're the perf  
ect melody  
I know the world ain't perfect but to me you were my everything  
My little light of sunshine I'm holdin' on for better days

[Hook]

I pray for better days  
I know what has to happen I'm away  
I know in my life I've made mistakes  
But I'm holdin' on for better days  
[X2]

[Verse 3]

What does it mean if I don't know what love feels like  
My parents got divorced when I was young so I just feel like  
Examples that I have to look upon are probably not great  
Knowing you're in a similar position doesn't make it O.K.  
I'm feeling like my goal is to make these blue skies turn grey  
But in the blink of an eye it could go away  
So even if it's just for ten minutes I wanna drive around with you  
And think about our life in the present these are our better days

[Hook]

I pray for better days  
I know what has to happen I'm away  
I know in my life I've made mistakes  
But I'm holdin' on for better days  
[X2]

I pray for better days  
I know what has to happen I'm away  
I know in my life I've made mistakes  
But I'm holdin' on for better days days days

[Outro]

The other day I was thinkin' like  
How come you never make a happy song you know what I'm saying?
