

## You and My Electric Guitar

Cam

Would you mind if I split my time  
Between you and my electric guitar?  
I'm not gonna lie, you're quite easy on the eyes.  
But so is my electric guitar.

Suppose I could change.  
But I don't want to spend half a day  
Without you or my electric guitar.

Would it be rude if I went to bed with you  
And woke up wrapped around my guitar?  
Would you be jealous when my fingers get calloused  
From all the excess caressin' down my guitar?

And if I had my way,  
You'd be one and the same.  
Oh you and my electric guitar.

Suppose there's a few things  
You can give me without any strings  
That I enjoy a little bit more than my guitar.

But if you made me choose,  
Like you'd never make me do,  
I'd be playin' nothing but blues on my guitar.  
On my guitar.  
'Cause I would choose my guitar.
