

## Highways Of The Sun

Camel

We are sailing in a ship that's got no sails  
We are riding on a train right off the rails  
We are in an old sedan that's lost a wheel  
But it makes no difference to the way we feel

It's been a long time - seems like a lifetime  
To be where we are  
Take a little tumble, fall and maybe stumble  
Now we've gone so far

All along the highways of the sun

No one knows how far it is we have to go  
Because every step we take reveals some more  
But we'll keep right on as far as the eye can see  
Over there where landman scares appear to be

Crusing down the highways of the sun

All along the driveways of the sun
