

## Rainbow's End

Camel

We began by sharing more together  
Black against white made in our mind  
But things are different now, we've grown apart  
So it's ok, call it a day  
What can I say  
Let's just remember what we have  
Keep out looking for that rainbow  
Rainbow's end  
And when you find that rainbow  
Start again

I know now that it all seems wrong  
But you had no choice  
Change is a thing we can't avoid  
And even though we're singing different song  
Life still left, time will pass  
You and I will always get back  
So keep on looking for that rainbow  
Rainbow's end  
And when you find the rainbow  
Start again

So keep on looking for that rainbow  
Start again  
I hope you find the rainbow  
Rainbow's end
