

## Find My Way

Cameo

Find my way  
I must leave you, try to find my way  
I can't take it, love, another day  
Please don't stop me  
Let me go and find my way

You got me so uptight  
You keep saying that I'm wrong  
When I'm right and you do it just for spite  
I think you're out to break my poor heart  
I am gonna stop you before you start

And those games you play  
Those are silly little games to play  
If you carry on, then please just stay away  
I won't give myself to you, not one more day

I've got to make that break  
Can't put me through changes  
That I just can't take  
'Cause I don't get what you're saying

You say you love me, that's no guarantee  
When we're together a star hits the sea  
And it strikes a tree, please let me go free

Hey, hey

Find my way, find my way  
Find my way, find my way  
Find my way, find my way  
Find my way, find my way
