

## Flirt

Cameo

Flirt, flirt, flirt, flirt

Yeah

Oh, yeah

Everyday is something new with you

Give me time and I'll know what to do

You're so frisky, love your style

Can I play with you a while?

Know you much better

It's not an easy thing to do

Such a flirt, yes you are

A style

Flirt, flirt, flirt, flirt, yeah

So, you like body too, you say

It looks good in the mirror when you stay

Very chic yet so unique

From yours head down to your feet

We know you much better

Its not what you say or what you do

Your shapely breast gives you flesh

That seems to be your style

Flirt, flirt, flirt, flirt, yeah

Flirt, flirt, flirt, flirt, yeah
