

# I'll Always Stay

Cameo

We played  
Those games  
And no one never wins, girl, yeah  
Seeing all kinds of girls  
Causing heartache  
Never knowing  
Who's to blame  
But I know it's worth what we've been through  
Because  
I'm so glad to be a part of you

Because of everything you do  
I never will stop loving you  
You always come through  
No matter what you do  
Because of everything you do  
I never will stop loving you  
You're my everything

Listen to me, girl  
You're always there  
When I need someone  
To talk to  
You're giving me more love  
Everytime  
We shared our dreams  
And now our dreams are realities  
The whole wide world is out there  
Waiting for you and me  
But I know it's worth what we've been through  
Because  
I'm so glad to be in love with you

Because of everything you do  
I never will stop loving you  
You always come through  
No matter what you do  
Because of everything you do  
I never will stop loving you  
You're my everything (everything)

Yeah, you know girl  
Sometimes when I'm alone  
I often wonder about the good things in my life  
And I seem to realize  
What a lucky man I am  
To have someone  
As special as you are

Someone to care for me  
Feel for me  
Hold me and touch me and love love love love me

Some people go through life  
Without ever finding that special someone for them  
But I have  
And it's you

And it's you  
You  
I'm talking about you baby

I don't never ever want to stop loving you  
Feeling for you  
Caring about you
