Every little thing you do Makes me smile And if I had my way, baby I'd tie you up for a while

I'd take you through the paces
One by one
I don't wanna get too serious
I just like having fun

Yeah, yeah I just like having fun Oh, sugar

I'm living the single, single, single Life The single, single, single Life

Now I don't want anybody
To get the wrong idea about me
I don't have nothing to hide
I want the world to see

Just like a car I'll drive you Out of your mind It's always the first step In us having a good time

Oh, oh, oh, sugar

I'm living the single, single, single Life Single, single, single Life

Single guys clap your hands Yeah Oh, sugar Single ladies clap your hands

Feels so good And it feels so good Feels so good

I'm living the single, single, single
Life (Oh, sugar)
Single, single, single
Life

Single, single, single Life Single, single, single Life

Single, single, single Single, single, single
