

How can you agree
With all that you concede
When all the while to me
It's cruel and can't be real
But I don't have to feel this way

My ambition fails with every passing day
My thoughts of going home are half a world away
There's something else that I could say

Maybe you can take it easy
Maybe you can take too long
Maybe you can lose the meaning all alone

You take all the plans and make them your demands
You won't be so unkind when you are on my side
I know that I can change your mind

Maybe you can take it easy
Maybe you can take too long
Maybe you can lose the meaning all alone
