

I ask you one question
From the soulless to the sold
If I promised you everything
From the man who has nothing
Would you take a chance with me?

No, you don't even know my name
Even if you screamed it
Would you follow if I promised you
Your search was over?

Baby, can you believe me?
We have no past, no before
To me you are only my unexpected future
If I promised you everything
Would you take it?
If I asked for your heart
Would you trust me not to break it?

No, I don't even know your name
But, it's only a word
Not what you mean to me
I just want you to be a part of me

The pulse I need is the pulse in you
I've seen beauty in many other places
But these faces seem faceless
I've seen beauty in many other places
But these faces, these faces
