

# Sincerely The Body Electric

Camisado

I am the fire inside your heart  
I am the light that burns  
I am the spark that turns you on  
Where have I been?

We will write on these walls and sink to the floor  
This whole collapse, this is not mine  
But it never breaks my skin  
Where do I begin?

"I want to control you," you said to me  
I am you the real you, every piece of me

This is where song meets body  
Returning what you have brought me

Ohhhh  
"Why are you doing this to me?"  
Why are you doing this?  
"Why are you doing this to me?"  
Because you are perfect

Taking every piece apart  
Leaving my heart in stitches  
This is the new me  
Where have I been?  
Every time you see these eyes  
You'll never forget what they meant  
You'll receive it the way that you left it  
Sincerely,

Rip open my chest, completely steal my soul  
Everything that I had left is not in my control  
Rip open my chest
