

Lost

Camouflage

I will be lost
When you leave us
Broken minded, binded
We should keep trust
Deep inside us
There is more than meets the eye ...

Sitting in a hole
Feeling 2 foots tall
Writing down your name
You're the only one
Bringing out the sun
I wish the night away ...

I will be lost
When you leave us
Feared by demons screamin'
We've got our love
Deep inside us
There is more than meets the eye ...
