Something Wrong

Camouflage

I walk alone
And my
World`s overthrown
And I
Need to be saved and kept from harm
I`m moving on
But I
Know it would be wrong
When I Would do things the way they used to be...

There`s something wrong since you were gone
My ship is drowning in a storm
It seems to be I can`t go on
I can`t go on there`s something wrong
Since you were gone since you were gone

I sleep on thorns
And I`m
Just flesh and bones
And I
Need to be saved and kept from harm
I grab my gun
And I
Know it would be wrong
When I
Would do things the way they used to be...

Need to be saved and kept from harm
Need to be saved and kept from harm
