

Travelling Without Moving

Camouflage

Ladies and Gentlemen,
we would not like to welcome you
on board our Spacetrain on its
non-stop flight to the end of
this album. Now that you're here,
Please don't fasten your seatbelts
and refrain from listening to
anything else other than the music.
In case of an emergency just light a cigar and relax
in a comfortable position.
Have a pleasant journey
and thank you for flying
Mendoza Airways!
