

## Travelling Without Moving

Camouflage

Ladies and Gentlemen,  
we would not like to welcome you  
on board our Spacetrain on its  
non-stop flight to the end of  
this album. Now that you're here,  
Please don't fasten your seatbelts  
and refrain from listening to  
anything else other than the music.  
In case of an emergency just light a cigar and relax  
in a comfortable position.  
Have a pleasant journey  
and thank you for flying  
Mendoza Airways!
