

## Your Skinhead Is the Dream

Camouflage

You head was the reason  
I spoke to you  
And then  
It was your smile  
That made me sure.  
Our alliance is  
Like China  
And that is why  
I'm full of fear  
That something  
Will get broken,  
Which is so fragile here.  
Come on my little dwarf.
