

# Hasta La Vista

## Camp Rock

Couldn't wait to leave, but now I hate to go  
Last day of camp, packing my bags slow  
Made so many friends, why does it have to end  
In the end its a win, because we grown so close together  
Remember when we first met, first day  
Figured this would be no fun, no way  
And now its time to leave, but now we wanna stay, stay, stay, oh

Hasta la vista  
I'm gonna say goodbye to you  
Whatever happens I'll be cool with you  
Wanna give me your number I'll call ya  
Promise I won't forget ya  
Hasta la vista  
We'll all be going seperate ways  
Say everything you didn't say  
This is your moment, before you go  
Come on now get up and show them

Keep doing your thing, thing, thing  
Keep doing your thing, thing, thing  
(And I'm gonna do my thing)

There's so much inside of me  
There's so much more I just want to be  
All the things I've seen, obviously I'm inspired  
Got love for all the friendships I've acquired  
Everybody put a hand up, put a hand up, hey, hey, hey  
Everybody put a hand up, put a hand up and say hey, hey, hey

Hasta la vista  
I'm gonna say goodbye to you  
Whatever happens I'll be cool with you  
Wanna give me your number I'll call ya  
Promise I won't forget ya  
Hasta la vista  
We'll all be going seperate ways  
Say everything you didn't say  
This is your moment, before you go  
Come on now get up and show them

Keep doing your thing, thing, thing  
Keep doing your thing, thing, thing  
Keep doing your thing, thing, thing  
Keep doing your thing, thing, thing
