

Ice Cream Everyday

Camper Van Beethoven

The lights went out
In the abandoned house
Your house
After you left
Waved goodbye
Sat on a crate
Thought when I spoke
And thought when you're gone

It's just like every day
Do-do-do-do
Ice cream

Ride my bike
I turn the corner
And go home
Walk on the ground

Blink my eyes
Breathe the air
And drink water
Just like every day
