

# Demonic Angel

Cancerslug

Demonic angel opens up her wings deep inside of me  
(show me how to die)  
Demonic angel tells me all these things but she lies to me  
(someone save my life)

I can't explain the things that tear my world apart  
When she is near to me  
She is so dear to me  
I can't sustain the pain and emptiness she brings  
In her hollow eyes  
The one thing she can't hide

I can't do this  
I can't take it  
No one is real  
All of you fake it  
No reasons left for me to try  
I can't do this  
I can't take it  
No one is real  
All of you fake it  
No tears are left for me to cry  
Goodbye  
I'll blow my brains into the sky

Demonic angel opens up her wings deep inside of me  
(show me how to die)  
Demonic angel tells me all these things but she lies to me  
(someone save my life)  
When will she come again

Love is like a shallow grave  
When the rains come  
It gets washed away  
When will she come again  
The shadows on her face  
Cover up the scars  
'cause love is war

I can't do this  
I can't take it  
No one is real  
All of you fake it  
No tears are left for me to cry  
Goodbye

I'll blow my brains into the sky  
Demonic angel opens up her wings deep inside of me  
(show me how to die)  
Demonic angel tells me all these things but she lies to me  
(someone save my life)

I can't explain the things that tear my world apart  
When she is near to me  
She is so dear to me  
I can't sustain the pain and emptiness she brings  
In her hollow eyes

The one thing she can't hide
