

Everything you love, everything you hate.
All will burn in my wake.
What the f**k do you want to say to me now
That your time is running out?

Everything you have, everything you hold.
Don't be scared to let it go.
Don't you know that I could make you pray for death?
You want this to end; I would not hold your breath.

Motherf**kers try to make me somethin' I'm not.
I'm just in love with death 'cause death is all I got.
Motherf**kers try to make me somethin' I'm not.
I'm just in love with death 'cause death is all I got.

Everything you want, everything you crave.
All you have, I will take,
So what the f**k do you want to say to me now
That your time is running out?

Everything you are, everything you'll be.
Nothing you do will mean a f**k to me.
Now can't you see the final sign in the air?
One last kiss and then we disappear.

Motherf**kers try to make me somethin' I'm not.
I'm just in love with death 'cause death is all I got.
Motherf**kers try to make me somethin' I'm not.
I'm just in love with death 'cause death is all I got.
