## Love Like A Fist

## Cancerslug

Its time to die so say goodbye no more romantic lullabys love is like a fist hard to resist so take a fist from the knuckles on your lips I will black out the eye of the world tenderly motherfuckers bleeding on my alter just for me and Im afraid there is nothing left to say I see no need to save anyone just let them burn motherfuckers already live to long just take your turn and Im afraid there is nothing left to say but down here, we all float
