

Making Bitches Need Stitches

Cancerslug

Making bitches need stitches
thats the only way
and if I get blood on your carpet
Im gonna make you clean the blade
and all of your sunlit tomorrows
will be shaded by today
gonna make some bitches need stitches anyway
making bitches need stitches
what else can I say
when you love something that much
there is gonna be a price to pay
no matter what your mother told you
you know that its ok
gonna make some bitches need stitches everyday
making bitches need stitches is ok
