

Dark priestess comes to me in spite
sucking unholy delight
she spits my dicksnot out, onto the wall
with a, "fuck it all!"
and she makes my body ache
I can feel the mental break
how will I last a single minute more with this pagan whore
all I know is she is mine
and I am hers and thats just fine
to fuck so fierce we lose our minds
two beast in heat until we die
and I would kill the world for you
if you only ask me to
my sorceress, what would you have me do
