Die Without You

Candice Glover

I live for your love
I'll never get enough
Until heaven comes to take me up
You'll be all I'm living for

You own my heart
It only beats for you
So when you're gone it'll stop
Cause that's how strong my love is that I have for you

No, I ain't ever letting go
If so baby, put me in my bed
You're my purpose, you're all that I know
You know I'd die without you
I'd die without you
Oh baby, I'd die without you
I'd die without you

Now until forever
You'll be all that I need
Good or the bad or any weather
You're the air that I breathe

Baby, all that I want
Is for you to be with me
Cause when it's all said and done
I'm the only thing you need

Even when we're down hold up
Promise that I'm never giving up on you baby
Swear to God I love you too much
Cause if you'll ever leave me I'd die without you

Oh baby, I'd die without you
Die without you

I need you in my life, baby
Nothing without yo, baby
Die without you
I'd die without you

Whoever sent you to me, oh I thank him
Eh eh
And I refuse to believe there's anybody out there
Better than you
I feel we're connected on another level
When I said that I would die for you I mean that I would die for you baby
I'd die without you

I'd die without you
I'd die without you
I'd die without you
Die without you

Die without you
