

# Change

Candlebox

As I stand here  
I ponder greater things  
You're no longer a part of  
A part of your lover's dreams  
So much for your  
Common complications  
So much for your  
Constant desperation  
For what's to come  
It's all been written  
Down, written down  
But I feel that a change is  
A change is gonna come  
I said I feel so alive now  
And you know I feel that a change is  
A change is gonna come

As I sit here I'll tell you greater things  
You're no longer a part of  
A part of someone else's dreams  
So much for your  
Common escalations  
So much for your  
Constant fabrications  
For what's to come  
It's all been written down, down, down  
I said for what's to come  
For what's to come your way  
It's all been written  
Down, written down  
But I feel that a change is  
A change is gonna come  
I said I feel so alive now  
And you know I feel that a change is  
A change is gonna come

Keep on time  
Keep on time  
You run along  
Keep on child  
Keep on child  
You push it on  
Keep on my time  
I run around for you  
Keep on time  
Keep on time  
You run along  
Keep on child  
Keep on child  
You push it on  
Keep on my time now  
I run around for you  
Run around for you  
But you've gotta keep on, keep it on

You don't know yet  
You don't know yet

You don't know yet  
But you'll feel it in your soul  
You don't know yet  
You don't know yet  
You don't know yet  
But you feel it in your soul  
Feel it in your soul now  
Do you feel that a change is gonna come?  
Do you feel that a change is gonna come?

No  
As I lay here  
I wanna fall asleep  
No longer,  
No longer a part of  
A part of your TV screen  
A part of your TV dreams  
I said so much for your  
So much for your  
So much for your  
Your common complications  
So much for your  
Constant desperation  
For what's to come it's all been written  
Down, written down  
But I feel that a change is  
A change is gonna come  
I said I feel so alive now  
And you know I feel that a change is  
A change is gonna come  
Do you feel that a change is gonna come?...
