

# Don't You

Candlebox

Oh, I could tear your walls down  
As I chip at who you are now  
Don't you?  
You ever let me know, how?  
You never let me know

And I could break your heart down  
As I tell you that you've burned out  
Don't you?  
You want to let it go, yeah  
You want to let it go, yeah

Oh, don't you?  
Oh, don't you?  
Oh, don't you?

Scream and shout now  
As I feel you pressin' down on  
Don't you?  
You walk upon my heals now  
You walk upon my heals

And I should call your soul out  
But I feel I've gained control now  
Don't you?  
You tell me what to do, yeah  
You tell me what to do, yeah

You twist and turn your thoughts around  
This road it's getting long stones  
Don't you?  
They're getting harder and you're  
You're slipping slowly further  
You're slipping slowly further  
You're slipping slowly further  
Than you've been before

Ohh, I don't need to know how, yes  
And I don't need to blow out your candle  
It's only burnin' at both ends  
But your moods they wash away  
No need to close your eyes today  
You just take your  
Your deeper breath you're goin'  
Your deeper breath you're goin'

Under this time  
It's under this time you  
You've got to go now  
Won't you?  
You've got to go now  
And don't you?

Don't you, you know it  
Don't you, you know it  
You've got to go now  
Don't you?

You've got to go now
