

Some are born to sweet delight  
Some are born to endless night  
So pale and lifeless  
What you're doing to me  
I'm doing to myself  
I close the iris to the sun  
It once was open, soon its gone  
Soon it's gone  
Soon it's gone  
So pale and lifeless  
What you're doing to me  
I'm doing to myself
