Canibus

This is Melatonin Magik...

Sumerian, Chinese, Egyptian, Latin  
Nobody can match Canibus when I'm rappin (what happened?)  
Captain Cold Crush get it crackin  
There's more than one person right now that's not laughin  
Squash microphones with unknown chromosomes  
To discover the codes that controls the brain's frontal lobes  
The pineal gland glows (go! go! go!)  
Don't look back, I got ya back bro  
He's a high profile target, code name Sergeant Armpits  
He was Rakim Allah's first artist  
Lemme bus' em; naw, I'm a punish em, Ra  
I'm a show you how the mothafuckin government lie  
Got nothin to do with pride, you must realize  
Few of us will be alive by Solar Cycle 25  
I tried to look for solutions, that's not enough time  
They won't be satisfied til every one of us die  
Aight, calm the fuck down and listen to my rhymes  
The only way that you can free yourself is your mind  
First thing you gotta do is put the antagonism behind  
Then you gotta put ya life on the line  
The reward is great; the risk? Even greater  
Fellowship can only make a Braveheart braver  
Watch who you followin, watch who you praisin  
"Yes We Can" backwards is "Thank You Satan"  
YES I'm Jamaican; YES I'm a patriot  
NO I will not forsake you for a paycheck  
YES this is victory, YES I can taste it  
NO I'm not a Mason, I'm followin my trainin  
They monitor my body functions from central London  
My heart rate is thumpin, I suffer from numbness  
A robot arm shoves the drugs in  
My scrubs are disgustin and sullen, I smell like cub skin  
Funky, funky, funky odor; Bridgewater, South Dakota  
My spit fizz like soda, I'm in a coma  
In a pagoda, nurse McLovin  
Says she wouldn't fuck me if I was her husband  
Don't trust the bitch  
I'm in a warehouse alone  
I hear doors open and close,  
No phone, no intercom controls  
Wouldn't matter anyway I'm in a paranormal zone  
Goose bumps grow, I could hear a few ghosts moan  
I'm a mastermind, tryin to amplify the frequency of the rhyme  
So I can learn to fly  
So yeah, fuck a punchline  
I'm past that prime, that's not a crime  
So go find someone else to dick ride  
Focus on the truth, it's long overdue  
It woulda never happened if I told you what I wanted to do  
The Inconvenient Truth is a convenient truth  
012 solar cycle 24 commin soon  
I promise you Canibus achieved the impossible  
It's only logical it's time for the truth  
Whether I'm gonna be around to witness it or not  
I spit this shit for hip-hop

Twitter niggas type their hype they write Canibus smash the mic  
Cause you can't blackball the light  
They know my hands always been tied  
You call that a fight?  
Give me the mic I call in an airstrike  
Nowhere to run, nowhere to hide  
There's some things in this worlds that money can't buy  
Respect, honor, fuck it, it's all corrupted  
The media can not be trusted  
You shouldn't need a budget, to rep hip-hop  
You don't have to suck dick just to get your shot  
Just work with what you got  
Don't be a robot, be human
