

I'm Her Man

Canned Heat

found love sure is good to me
I found love sure is good to me
You know a man needs a woman though to keep him company
It feels good not to be alone
Oh so good not to be alone
I'm gonna make sure not to lose my happy home

Love can come and go
Why i sure don't know
Never gonna let her go

You know love, is hard to understand
I said love is hard to understand
But it sure feels good to know that i aaaaam her man

Love can come and go
Why i sure don't know
Never gonna let her go
