Now, in 1968, we're going to do the whiskey headed woman #2. (oohhh)

She's a whiskey headed woman,

if she don't stop drinking,
she's bound to make me lose my mind
she went out last night
eahhhhhh, and the night before
she went out last night now
lord she went out the night before

if she don't stop her fooling,
I'm gonna drive her right out that door

yeah now I don't want no woman
that's always raising ??? (scent?)
yeah I don't want no woman..
that's always raising ??? (scent?)

if she don't treat me right
I'm gonna send her to the promised land

awwwwww, you better watch your step child
you're going to go on to that promised land.

you better mamma
now listen to this
I told my woman
lord I told her 40 times

yeah, If she don't stop this drinking
I'm going to leave her far behind

yeah baby, you gotta stop that drinking

being held down by them two men
