

# As Deep as the Knife Will Go

Cannibal Corpse

The blade goes in you and it enters smooth  
Disturbing moans begin to soothe  
Scraping bones with steel to feel it once  
Keep pushing hard it never stops

Had to do it  
Had to put it in your gut  
Nothing to it  
Grab the handle let it slice  
Heart polluted  
As it's cut out of your chest  
Gushing fluids  
Bleeding it dry

As deep as the knife will go  
A life changing transfer of power  
As deep as the knife will go

As deep as the knife will go  
Every inch of it in you savored  
As deep as the knife will go

The blade has always done it's job well  
Seems like it's work is never done  
Scraping bone with steel to feel it twice  
Keep pushing hard it doesn't stop

Desecrated  
A body rid of living  
Future faded  
Gaping hole from front to back  
Heart dissected  
As it sits upon your chest  
Gushing fluids  
Drain you empty

As deep a the knife will go  
A life changing transfer of power  
As deep as the knife will go

As deep as the knife will go  
Every inch of it in you savored  
As deep as the knife will go

Bleed it dry  
Bleed it dry  
Drain you empty  
Drain you empty

Bleed it dry  
Bleed it dry  
Drain you empty  
Drain you empty
