As Deep as the Knife Will Go

Cannibal Corpse

The blade goes in you and it enters smooth Disturbing moans begin to soothe Scraping bones with steel to feel it once Keep pushing hard it never stops

Had to do it
Had to put it in your gut
Nothing to it
Grab the handle let it slice
Heart polluted
As it's cut out of your chest
Gushing fluids
Bleeding it dry

As deep as the knife will go A life changing transfer of power As deep as the knife will go

As deep as the knife will go Every inch of it in you savored As deep as the knife will go

The blade has always done it's job well Seems like it's work is never done Scraping bone with steel to feel it twice Keep pushing hard it doesn't stop

Desecrated
A body rid of living
Future faded
Gaping hole from front to back
Heart dissected
As it sits upon your chest
Gushing fluids
Drain you empty

As deep a the knife will go A life changing transfer of power As deep as the knife will go

As deep as the knife will go Every inch of it in you savored As deep as the knife will go

Bleed it dry Bleed it dry Drain you empty Drain you empty

Bleed it dry
Bleed it dry
Drain you empty
Drain you empty
