

## Festering in the Crypt

### Cannibal Corpse

Eyes tied tight forever  
Mouth wired shut forever  
Body parts dissever. You will see no more  
Never....

Lowerd into the ground  
You will never hear another sound  
In your coffin you are bound. Underground  
Forever

To the earth you're now enslaved, to the creatures long deprave  
d  
Flesh has now turned to grey, as the larve gnaw away  
As you rott in your smallish tomb, insects care not how you met  
your doom  
In your casket eternally lie. Many were pleased to see you die

Fester  
In the  
Crypt where  
You lie

Victims  
Pass by  
They watched  
You die

Flesh melts off your frame. Infamous was your name  
Years passed since you moved on  
Nothing left buy carrion
