

## Perverse Suffering

## Cannibal Corpse

Lusting for eternal pain  
Begging to be tortured  
Agony brings relief, I am insane

Indulging in self-mutilation  
To satisfy my need again  
The pain severe from severed veins  
Curing me of deprivation  
Pain I crave  
Euphoric state of butchery  
Revelling in gore and blood  
Pain I save  
Igniting visions of the past  
Dismembered bodies never found  
Pain I gave

Deranged by my deviance,  
savage goal to maim and kill  
Obsessed with my cruelty,  
vicious ways for me to die  
Sado-masochistic rage, horrific daze, reality  
Pleasure from sadistic intent, driven by my  
lust for pain

Punishment my way of life,  
suffering intensifies  
Sacrifice  
Brutal frenzy, no control,  
perverse actions gratify  
Wretched abnormality,  
condoning inhumanity  
Suicide  
Carnivorous abusiveness,  
boiling sawn-off testicles

Afflicted fate stricken to malignancy  
Lechery dominates my misery

Tortured eternally, torment inside of me  
Disturbing impulses, living in agony  
Rancid degenerate craving impalement  
Demented destiny, not fearing agony

Excruciating hunger that I need to feed  
Soon to be slaughtered, dead, maliciously

Tortured eternally, torment inside of me  
Disturbing impulses, living in agony  
Rancid degenerate craving impalement  
Demented destiny, not fearing agony

Deranged by my deviance,  
savage goal to maim and kill  
Obsessed with my cruelty,  
vicious ways for me to die  
Sado-masochistic rage, horrific daze, reality  
Pleasure from sadistic intent, driven by my

lust for pain
