

Pit of Zombies

Cannibal Corpse

Captured by the priest of evil
Deep inside the hive
Hellish dungeon filled with undead
Their rotting claws reaching for my legs

I hang above the ghouls
I know they want me for their food
Overwhelmed by deadly fear
Hung above the Zombie lair

Hanging by a thread above them
Taken here to die
Rotting hands reaching for me
Their undead eyes see me as a meal

They want to eat alive
Mindless hunger in their eyes
Filthy claws grasp at my feet
Slashing wounds, my ankles bleed

Pit of zombies
Chasm teeming with undead
Death is grisly
Lowered slightly now they reach me

I scream in frantic pain
Tearing off my feet with fury
The pain intense below my knees
My legs have been removed

They suck the blood from the wounds
Voracious zombies rend my thighs
They pull me down, my corpse
They will divide

Pit of zombies
Chasm teeming with undead
Their jaws await me
A gruesome end the
Pit of zombies
Reanimated to devour
I watch them kill me

They claw at my face
And rip off my scalp
Exposing my skull
Arteries severed

Gushing blood showers them drives
Them mad raging mob
A hideous feast

Puncture my stomach and
Tear out the guts
Devour entrails
Rotting zombies have torn me apart
They gorge on my flesh

Engulfed
Consumed
This pit
My doom

Engulfed alive
Consumed by death
This pit of zombies
My doom is here

Pit of zombies
Chasm teeming with undead
Their jaws await me
A gruesome end the pit of zombies
Reanimated to devour
I watch them kill me
