## **Pulverized**

## **Cannibal Corpse**

Temptation to kill again The sensation comes over me An addiction to murdering I can't stop killing

You tried to stop me Dead, before you started Put me away Before I put another in the grave

Pulverized, knocked down it came up behind me In the dark overwhelmed, I feel life slip from me This isn't happening, pulverized I won't sustain these injuries pick up the pieces of me

Temptation to kill again The sensation comes over me An addiction to murdering I can't stop killing

You tried to stop me Dead, before you started Put me away Before I put another in the grave

Pulverized, knocked down it came up behind me In the dark overwhelmed, I feel life slip from me This isn't happening, pulverized I won't sustain these injuries pick up the pieces of me

Temptation to kill again The sensation comes over me An addiction to murdering I can't stop killing

You tried to stop me Dead, before you started Put me away Before I put another in the grave

Pulverized, knocked down it came up behind me In the dark overwhelmed, I feel life slip from me This isn't happening, pulverized I won't sustain these injuries pick up the pieces of me

An addiction to murdering I can't stop
