

## Rotting Head

### Cannibal Corpse

A quivering pile of useless flesh, locked in a padded cell  
Hidden from the prying eyes of curiosity  
Experimental surgery made him what he is today  
His head is rotting but his body lives on as a worthless vegetable  
Unknown to mankind, the incredible power of his mind

Hideous heredity, genetic imbalance, resorting to cannibalism  
A feast begins as the patient's skull is cracked open like a walnut  
Brains devoured in a frenzied slaughter, thirst for gore nothing more  
Bile is dripping, pus from wounds, as the coroner drinks it down

The sights before your eyes you can't describe  
A trip through this living hell will rot away your skull

Genital lacerating, anal asphyxiation  
Blockade of bowel passage, defecation, hemorrhage  
Cadaverous mutilation, metamorphical radiation  
Devourance of arteries, decapitated extremities  
Cranial excavation, cerebral liquidation  
Brain turned to soup, ears are dripping goop

Slimy, cozing, dripping pus, torn out fingernails starting to fuse  
Shredded cartilage victim lies, eye sockets, but no eyes  
Miles of intestines strewn all about, facial features stricken with gout  
Hanging bodies dripping with blood, the blackened fluid sinks in the mud
