

## Savage Butchery

### Cannibal Corpse

Striking out with rage I pound him, stomp him  
Cock sucking bastard, don't feel mercy for him  
With bare hands, I break his legs, break his neck  
Now my jagged blade will bring him to his death

Savage killer, merciless machine  
Butchering victims and watching them bleed  
Savage killer, chopping off limbs  
Butchering for revenge, heartless assassin

Now the cutting starts I stab him, slash him  
Less than a minute, he became a victim  
Now I will sever his legs, his neck  
Hatred enemy his body I dissect, savage

Savage  
Butchery  
Ravage  
Ruthlessly

Veins spray blood, it splashes in my eyes  
Impulse of my rage will dictate how he dies  
Chopped up while alive or killed with the first strike  
What's left of his life is dripping from my knife

Savage killer, merciless machine  
Butchering victims and watching him bleed  
Savage killer, chopping off limbs  
Butchering for revenge, heartless assassin

Savage  
Butchery  
Ravage  
Ruthlessly
