

## Unnatural

### Cannibal Corpse

Madness overwhelming  
Excruciating pain  
My brain aches for release  
I will suffer until I kill  
Weapons have been gathered now I seek my prey  
Senses heightened as I stalk  
Distorted means of pleasure  
Taking human life  
Uncontrolled obsession  
Murder is my vice  
Aberrant compulsions  
Kill for peace of mind  
My consuming passion  
Murderous appetite  
Ferociously attacking  
Stabbing all I see  
Blood is spraying on my face  
Hands are punctured in defense  
Brutally dismembered  
Parts are growing cold  
A natural high achieved by death  
Perverted and twisted  
Bizarre thoughts are my norm  
It is my nature to murder  
If I stop I know I will die
