

G.O.D.

Canton Jones

[Intro:]

Some call him Papa, some call him Jah
It's whatever yo, He's my star so
I call him G.O.D. [x4]

[Verse 1:]

It's simply amazing, all that He's done for me
And how He set me free, gave me the victory
Cause you know me and how I used to be
I could've been dead, somewhere in the street
But now I'm a church boy, work boy
Some call Him Jireh, cause He's a provider
Some call Him best friend because He's a rider
He's on the inside of me, one God in the holy trinity
That's why I say

[Chorus:]

Some call him Papa, some call him Jah
It's whatever yo, He's my star so
I call him G.O.D. [x4]
Some say He's the man upstairs
Who will be there no matter when or where
I call him G.O.D. [x4]

[Verse 2:]

God is my joy, and the strength of my life
He took away my pain and took away my strife
And gave me a wife and gave me a life
And gave me salvation and his Son paid the price
And now I'm a grown man cryin,
Cause I get choked up when I think about an innocent man dyin
But because of that I don't have to fry
So I'll serve G.O.D. till the day that I fly, say

[Chorus]

[Verse 3:]

Jehovah Jireh, God my provider
Jehovah Nissi, you reign in victory
Jehovah Shalom, you're my peace
I call Him G.O.D., I call Him G.O.D.

[Chorus]
